NATO CMI/CIMIC Orientation Course

(NCCOC)

The one week course residential course, conducted at NATO SCHOOL, OBERAMMERGAU, raises CMI/CIMIC awareness of staff members outside the core of CMI/CIMIC personnel. Building upon the NATO CMI/CIMIC Awareness Course it offers members from other staff branches and faculties the opportunity to gain a deeper insight and understanding of CMI/CIMIC and allows these persons to act as multipliers for CMI/CIMIC within the staffs and in the fields.

NATO CIMIC Awareness Course

(NCAC)

This e-learning course is considered to be **the entry to the world of NATO CIMIC**. CCOE offers **free access for everybody, no costs!** The NCAC can be processed within a day or split in several sections. The purpose of this course is to provide comprehensive awareness and basic knowledge of NATO CMI/CIMIC for anyone (potentially) involved in CMI/CIMIC activities, or for the ones who have a vested interest in CMI/CIMIC activities.

NATO CIMIC Field Worker Course

(NCFWC)

The two weeks course enables participants, Officers and NCOs, assigned as CIMIC Field Worker's, to conduct CIMIC activities across the full spectrum of military engagement in a modern operational environment, up to and including corps/component command level.

NATO CIMIC Staff Worker Course

(NCSWC)

The two weeks course enables participants, Officers and NCOs, who are or will be appointed as CIMIC Staff Worker's, to conduct CIMIC activities across the full spectrum of military engagement in a modern operational environment, up to and including corps/component command level.

NATO CIMIC Liaison Course

(NCLC)

The main purpose of this course is to further qualify CIMIC Operators, Officers, and NCOs, assigned as CIMIC Liaison Officers, to conduct CIMIC LNO activities at tactical/operational level across the full spectrum of military engagement in a complex operational environment. The secondary purpose is to create awareness and comprehension for those organizations and individuals who have a vested interest in CIMIC LNO activities.

NATO CIMIC Functional Specialist Course

(NCFSC)

The one week course raises CIMIC awareness of Functional Specialists with a vast experience in their area of expertise. On completion, the participants are able to understand the implications of their work for the CIMIC environment as well as the contribution of CIMIC to the overall military mission as vital part of a comprehensive approach in mission areas.

NATO CMI/CIMIC Higher Command Course

(NCHCC)

The two weeks course enables CMI/CIMIC personnel (OF 3 - OF 6) from Strategic, Joint Force and Component Command Level and equivalent non NATO and non military personnel, to conduct CMI/CIMIC activities across the full spectrum of military engagement in a modern conflict situation or in a humanitarian relief operation, to assess the political-military context, to interact with all parties within a conflict situation and to contribute with CMI/CIMIC functional expertise to the planning and other staff processes.

Comprehensive Approach Specialist Support Course

(COMPASS)

The aim of this course is to familiarize national appointed COMPASS personnel with the (Civil-) Military Dimension. COMPASS personnel are national experts in political, reconstruction & stabilization and media areas. The NATO Nations contribute with this expertise to the NATO Strategic, Joint Force and Component Command (+Theatre) level case by case in order for NATO to fulfill the given tasks. The Course consists of an Advanced Distributed Learning (ADL) part and a residential part (conducted at CCOE).
